KINGS

KINGS

Old-world European elegance radiates from the Kings collection. Save time and labor spent arranging smaller square tiles and instead install these durable ceramic slabs, which have four 8-3/4 in. squares with scored grout lines between them. These tiles come in a variety of colors and patterns that are sure to meet any design needs. Imitations of scuffs and spots that are the marks of well-loved, worn, century-old tile bring rustic charm to your interior. Designed by interior architect and furniture designer Francisco Segarra, they are a true reflection of vintage industrial design. These durable ceramic tiles are great for any interior residential floor and some commercial floor use.

ARCHIVO

Old-world European elegance radiates from the Archivo collection. With a field tile surrounded by many different patterned options in muted color schemes, these tiles offer a touch of encaustic design for your wall or floor installations. The asymmetrical edges throughout each tile offer a handmade appearance. These tiles have faux scuffs and spots around the edges, further convincing that these tiles are truly aged, offering a rustic look. Use the coordinating trim pieces complete any look for your home. These tiles are great in powder rooms, kitchens, showers and as a backsplash.

ARTE

Bring an encaustic-inspired look to your home with our Arte series. Featuring an old-world pattern with simplistic curves, these porcelain tiles offer the appearance of custom artisan cement tile. A classic monochrome color scheme makes these tiles great for coordinating with many different decors ranging from rustic to modern. Boasting a high resistance to abrasion, the Arte series is great for using in all residential spaces, including entryways and kitchens. These tiles are impervious and frost resistant, allowing them to be used in exterior installations as well.

FAENZA

Old-world Spanish allure is the signature of the Faenza series. Save time and labor spent arranging smaller square tiles and instead install these durable ceramic slabs, which have nine squares with scored grout lines for easy installation. With solid and patterned options, the breathtaking glaze features a collection of floral designs with imitations of scuffs and spots that are the marks of well-loved, worn, century-old tile. Designed by interior architect and furniture designer Francisco Segarra, they are a true reflection of vintage industrial design. These encaustic ceramic tiles are great for most interior installations, including kitchens, entryways, and showers.

ATTICA

KLINKER

ALCAZAR

Our Attica series captures the rustic appearance of natural stone in a classic ceramic material. The unique shape offers the ability to have an installation that seamlessly blends between tiles. The textured, dimensional surface of this tile helps further convince that this is natural stone. The high skid and abrasion resistance makes these tiles great for all interior installations, including showers, entryways, kitchens and commercial spaces.

The Klinker series captures the authentic old-world appeal of rustic quarry tile. These extruded tiles are made of the finest raw materials and go back to the roots of authentic tile making. Available in unglazed natural clay colorations and glazed patterned options, these frost resistant tiles are great for a wide variety of indoor and outdoor uses including kitchens, patios and entryways. The Alcazar items feature a muted off-white base glaze with intricate old-world patterns in various shades of blue. This series offers many different format variations and color options that can be easily mixed and matched to create your own unique look.

RETRO

RETRO

Our Retro series is a breathtaking addition to our collection of wood-look tiles. Crafted in Spain, these tiles feature a meticulously detailed grain. To add further contrast and depth, these tiles have subtle bumps and grooves that echo the texture of real wood. The finishing touch on these products are the imitations of scuffs and spots that offer the antiquated appearance reminiscent of distressed painted wood. These extruded porcelain tiles have high variation for a one-of-a-kind look that can only be achieved through the partially handmade process. Available in four different colors and formats, these are great for mixing and matching to create any look that you can dream up. These impervious, matte tiles look great in all indoor and outdoor locations, including walls, floors and patios.

HUDSON

EDGE

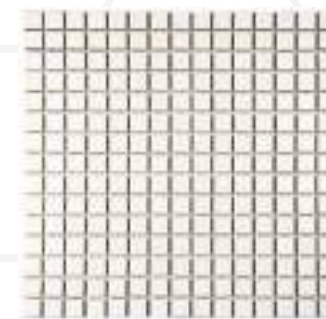

Simple square mosaics are the perfect look for any style installation and our Hudson Edge series is no exception. Every square chip deviates from the other in color and texture because of its reactive glaze, ensuring that your installation will be unlike any other. The classic square shape makes these products great for all projects and designs, whether it be historical renovations or new construction. For use indoors and out, it works well as field tile or cut into strips as a backsplash or accent to other field tile.

DIAMOND

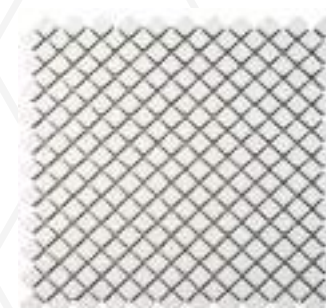

Bring the beauty of gemstones to your installation with our Hudson Diamond series. Featuring a variety of colors great for any living space, most colors have a reactive glaze that helps to create a unique color on every chip, making every sheet one-of-a-kind. The classic diamond shape makes these products great for all design decors, ranging from modern to traditional. Being impervious to water, these tiles are ideal for bathrooms and backsplashes and even offer frost resistance for some exterior work.
